

CIBB 2024

19th conference on **Computational Intelligence** methods for Bioinformatics and Biostatistics

Benevento

September 4-6, 2024

A multidisciplinary forum for researchers interested in the application of Computational Intelligence to open problems in bioinformatics, biostatistics, and medical informatics. The 19th edition of CIBB conference will be held in the charming town of Benevento, which boasts a rich historical heritage spanning over two millennia!

Submit now!

We are excited to receive cutting edge short articles exploring the crossover between computer and life sciences. We encourage computational, theoretical, and experimental biologists to contribute, sharing their perspectives on addressing emerging challenges and promoting interdisciplinary collaboration.

Accepted short paper authors will have the opportunity to present their work at the conference and propose extended versions for consideration in the conference proceedings book, which could be published in Springer Lecture Notes in Bioinformatics (LNBI) or in a supplement journal like BMC Bioinformatics or Journal of Translational Medicine.

Important dates:

Deadline for special session proposals: March 20, 2024

Short paper submission: May 15, 2024

Acceptance/rejection notification: June 20, 2024

Camera-ready short paper submission: July 5, 2024

Deadline for early-bird registration: July 15, 2024

Registrations close: August 15, 2024
